CAREER OBJECTIVE

Passionate and self-motivated Junior Frontend Developer with practical experience in building responsive and interactive web applications using React.js, Next.js, and the MERN stack. Eager to apply problem-solving skills, modern frontend technologies, and clean UI development practices to contribute to real-world projects while growing as a professional full-stack developer.

TECHNICAL SKILLS

- **Frontend:** Next.js, React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, HeroUI
- **Backend:** Node.js, Express.js, REST API, JWT Authentication
- **Database:** MongoDB
- **Tools & Platforms:** Git, GitHub, Firebase, Vercel, VS Code, Figma
- **Soft Skills:** Problem-solving, Team Collaboration, Communication, Time Management

PROJECTS

Idea Vault – MERN Stack Idea Sharing Platform

Tech Stack: Next.js, App Router, MongoDB, Better Auth, Tailwind CSS, HeroUI, React Hot Toast, Vercel

A modern full-stack idea sharing platform where users can securely create, explore, and manage innovative ideas with authentication, category filtering, and responsive UI.

- [Live Demo](#)
- [GitHub Client](#)
- [GitHub Server](#)

Major Features:

- Built a full-stack idea sharing platform using Next.js App Router and MongoDB.
- Implemented secure authentication with Better Auth, session management, and Google sign-in.
- Developed protected routes and CRUD functionality for managing ideas securely.
- Added category-based filtering and responsive idea card layouts for improved UX.
- Optimized performance using server-side rendering (SSR), scalable folder structure, and reusable UI components.

Keen Keeper – Friendship Management & Interaction Tracking App

Tech Stack: React.js, Vite, Tailwind CSS, React Router DOM, Recharts

A modern and responsive friendship management application that helps users track communication activities, visualize interaction history, and maintain meaningful connections through an interactive dashboard experience.

- [Live Demo](#)
- [GitHub](#)

Major Features:

- Built an interactive friendship management dashboard with responsive and modern UI.
- Implemented communication tracking features for calls, texts, and video interactions.
- Visualized interaction analytics using Recharts for better engagement insights.
- Added filtering and timeline-based interaction history management.
- Designed reusable React components with mobile-first responsive layouts.

EDUCATION

B.Sc. in Physics

Netrokona Govt. College

Expected Graduation: 2029

LANGUAGES

- Bengali: Native
- English: Intermediate
- Hindi: Basic

ADDITIONAL INFORMATION

- Familiar with RESTful API integration and responsive UI development.
- Comfortable working with Git/GitHub and collaborative workflows.
- Actively learning advanced frontend architecture and backend development.
